### **Objective(s) for the Committee Call**

- Top three site issues for the Hanford Chairs Meeting
- May meeting agenda
- May tour agenda

The CAB discussed several points that they would like represented at the Hanford Chair Meeting including topics like adequate funding and alternatives to Yucca Mountain. Lisa will compile comments and distribute for final board approval.

At the May meeting, members would like to hear an update on the Integrated Waste Treatment Unit (IWTU), Waste Area Group (WAG) 7 record of decision status, Advanced Mixed Waste Treatment Project (AMWTP) new scope, and have an update from the proceedings of the Hanford Chairs Meeting. Dick Buxton felt it would also be important for the new members to hear about the program for monitoring groundwater at the site.

The only interests expressed for the tour were to see AMWTP and the decontamination and decommissioning at INTEC (CPP-601/640).
