Bruce Wendle

**DOE-ID:** Bob Pence

**Support Staff:** Lisa Aldrich

### **Objective(s) for the Committee Call**

- Recruitment/membership
- Current application pool.

Lisa Aldrich briefed the committee on the advertisements placed for recruitment and the current application pool received to date. Most applications have been obtained by word of mouth rather than the newspaper ads.

The committee felt like support services should continue to place advertisements, as well as contacting individuals and groups who might be interested. Board members are encouraged to contact individuals who might be interested. The committee will meet in Idaho Falls the first or second week of September to go through the initial applicant pool.

### **Actions:**

- Lisa Aldrich will continue recruitment and make arrangements for a meeting and travel in September
- Board members will do individual recruitment.
