Objective(s) for the Committee Call

- BEA plan for off-site low-level waste (15 March) and BEA plan for remote-handled low-level waste (14 June).

Status of the Plutonium-238 Environmental Impact Statement

There have been changes made in leadership. Headquarters-based project has not announced any immediate information.

Plan for Offsite and Remote-Handled Low-Level Waste

DOE unsure which side the Board would like to hear about this topic from (CWI or BEA) and offered to have representatives from both sides attend an additional committee call or provide a presentation at the March meeting.

Additional call scheduled for Monday, February 27th at 9:00 a.m. (MT).

TAN-607 Transition

Committee unsure whether this was a topic designated to this committee. It is assigned to the End State Committee and will be discussed on Wednesday, February 8th at 10:00 (MT). Summary and discussion can be included in the next scheduled NE/EM Committee call (Monday, February 27th at 9:00 a.m. [MT]) as well.

Actions

- DOE-ID to provide CWI and BEA representatives to aid in discussion at the next committee call.
- Portage to develop and distribute minutes for the call.
