

## **Citizens Advisory Board Committee Minutes**

---

**Committee:** Strategic Issues

**Date:** November 7, 2006 – 10:00 a.m. (MT)

**Participants**

**Board Members:** John Bolliger, Committee Chair  
Bill Flanery  
Fred Sica  
Doug Weir  
Bruce Wendle

**DOE-ID:** Shannon Brennan  
Jim Cooper  
Bruce Culp  
Bill Harker  
Scott Reno

**Support Staff:** Lisa Aldrich

**Objective(s) for the Committee Call**

- Engineering Test Reactor (ETR) EE/CA

**ETR EE/CA**

Bill Flanery thought it was a very thorough analysis and thinks Alternative 3 is clearly the best alternative. The committee asked questions about grouting the unit, transportation to ICDF, and leaving it in place. DOE provided answers and clarifications to the committee's questions and concerns.

Bill Harker has noted the questions asked and will additionally address those questions and concerns during his presentation during the November meeting. Additionally, there is time on the agenda for the board to discuss and deliberate a recommendation if needed.
